Technical Manual

Introduction

On behalf of the Organizing Committee of the Lima 2019 XVIII Pan American Games and Sixth Parapan American Games, I would like to thank all the Pan American family, especially the National Olympic Committees, for their work in favor of sports in the continent.

I am pleased to introduce the competition technical manuals of each sport, which will be used during the Lima 2019 Pan American Games.

Each manual has been developed by the functional areas of the Lima 2019 Organizing Committee with the help of technical delegates from the different international federations and Panam Sports experts. This document will contribute to the success of the biggest sports event that has ever taken place in Peru.

In this document there is relevant information about every sport and discipline on the activity calendar of the XVIII Pan American Games.

You will also find the competition schedule, competition format and system, qualification system, information about delegation training sessions, accreditation, the Athletes' Village (accommodation venue), medical services, among others. This will be the best guide for competing in the Lima 2019 Games, where we are waiting for you with open arms.

Lima 2019 is an opportunity to transform and forge a better country based on sports' values (excellency, friendship, respect, courage, determination, equality and inspiration). Lima and all of Peru are getting ready to welcome you with the affection and hospitality we are known for.

We are sure that you will take home the best memories of your stay in our country during the largest sports event in the continent, which will be held in Peru for the first time.

Lima is ready to welcome you!

We are waiting for you!

CARLOS NEUHAUS

1. ABOUT THIS MANUAL

Published in 2018, the sports technical manuals provide detailed information on each sports competition and discipline at the Lima 2019 Pan American Games as well as operational information that may be of interest to participating teams. Each manual includes:

- An introduction to Lima and the Games.
- Sport-specific information, such as competition schedule and format, training and qualification criteria.
- Operational information on accreditation, ticketing, transportation, accommodation and medical services.

While this information is correct as of the date of publication, it may vary according to the updates provided by the Organizing Committee, the International Federation or Panam Sports. Therefore, National Olympic Committees (NOCs) should visit the official website extranet.lima2019.pe for updated information.

2. ABOUT LIMA AND PERU

2.1 The City of Lima

Before becoming a colonial capital, Lima was formerly populated by the Lima and Wari cultures. Later on, it became the capital of the Viceroyalty of Peru. The huacas and colonial houses of the city are an example of its historical greatness. Today, Lima is a cosmopolitan center that offers a variety of cultural and artistic options.

It overlooks the Pacific Ocean from a natural balcony that holds nearly 10 million people with thousands of stories and origins. Lima is a city with a past and a future, with innovators and entrepreneurs, and of art, craftsmanship and industry. A glorious city that knows how to celebrate life.

This city full of opportunities is located on the central coast of South America. It gathers all of Peru's diversity and complexity in a vibrant and captivating metropolis. Also, it is the only city in America that stretches from the Andes to the ocean. It has the privilege of being the only capital city of South America located on the shores of the Pacific Ocean.

Lima can refer to a region, a province and a city (Lima Metropolitan Area) as well as a district. It comprises 43 districts (divided into Northern, Southern, Eastern and Central Lima), in addition to the other seven districts that are a part of the province of Callao.

Throughout its history, Lima has been bolstered by immigrants from other provinces of the country and other regions of the world. It has the largest ethnic Chinese

community and the second largest *Nikkei* community in Latin America. It is safe to say it is a diverse city and that multiculturalism is its main resource.

When walking the streets of Lima, you can admire its churches, archaeological sites and colonial houses coexisting with modern buildings. Lima also offers a wide variety of cultural events and is recognized worldwide as the gastronomical capital of Latin America.

2.2 Lima's Cuisine

Lima is Peru's meeting point and, as such, it is a melting pot of cuisines enriched by the historic influx of migrants and products from other regions of Peru and the world. It is a huge pantry of fresh products, some of which are impossible to get elsewhere. This wide range of products is the secret to success of the current Gastronomical Capital of the Americas.

Lima gathers all of Peru's rich biodiversity in an exquisite metropolis: limes from the north that are used in cebiche, corn from Cuzco as a side dish for anticuchos and countless native potatoes of every color and texture. Also, Peru's main sources of flavor are its chili peppers; its popular and highly nutritious grains, like quinoa and kiwicha; and its coffee and cacao, which make city life sweeter and more enjoyable. Lastly, Peru is also known for its exotic Amazonian fruits, its aromatic spices from the Andes and its delicious pisco.

And, of course, its seafood. What would Lima's cuisine be without fish and traditional fishermen? But, also, what would Peru's cuisine be without its chefs, the guardians and creators of taste? They are the greatest collectors of historical and ancestral culinary knowledge, creators of new trends and flavors, innovative revolutionaries capable of bringing everyone together at the same table. Thus, Lima combines the knowledge and flavor of an entire country.

There are approximately 220 thousand restaurants in Lima, with several options inspired by the world's flavors and expertise.

Peruvian cuisine was declared "Cultural Heritage of the Americas" by the Organization of American States (OAS) in 2011.

Peru loves fusion cuisine, the abundance of its fields and the fruits of the sea. Its gastronomy is a fascinating combination of splendid climate, exotic —and sometimes spicy— products and a generation of chefs that are the best ambassadors of their cuisine around the world.

Peru has ten products with protected designation of origin such as pisco, Villa Rica coffee, Cuzco's giant white corn and Ica's lima bean. Moreover, it has over 3000 varieties of domesticated potato.

2.3 Information about Peru

Peru is located on the west side of South America and covers 1,285,215 km² of land and 200 nautical miles of the Pacific Ocean. With over 10 thousand years of history, it boasts great cultural richness, a delicious and award-winning cuisine, impressive archaeological sites, UNESCO World Heritage sites and vast nature reserves.

Peru has more than 31.5 million inhabitants. It can be divided into three major regions: coast, highlands and jungle, giving the country an immense multiplicity of landscapes. These regions comprise 11 ecoregions and 84 life zones of 117 that exist in the world. Due to its diverse geography, Peru has a wide variety of natural resources.

It has abundant forests, generous distances and ancient cultures. It is the third most megadiverse country on the planet thanks to its wide variety of orchids, birds and butterflies, and a lush Amazon, which has been recognized and awarded as one of the Seven Natural Wonders of the World.

Peru is also home to one of the seven wonders of the modern world: the citadel of Machu Picchu. In the region of Puno, over 3800 meters above sea level, you can visit the enchanting islands of Titicaca, the highest navigable lake in the world.

Peru has 12 World Heritage Sites and eight Intangible Cultural Heritage sites, awarded by UNESCO.

More than sixty native languages are spoken in the country, such as Aymara and Quechua. Also, it still preserves a musical scenery with native instruments like the quena and siku, melodies that feature joyful Afro-Peruvian beats and Andean music such as huayno and harawi.

Furthermore, it placed 9th in global entrepreneurship according to the 2015 Global Entrepreneurship Monitor report (GEM). Finally, it also won the World's Leading Meetings & Conference Destination in 2015 at the World Travel Awards (WTA).

Ancient Peruvians were skilled metalsmiths who turned silver and gold into precious jewels over 3000 years ago. They were also amazing craftsmen, who showed their vision of the world in clay pots and carved gourds. Their ancestral techniques were inherited by local entrepreneurs who now sell their products in the most demanding international markets.

Peru is a destination that shares its customs. Close to 3000 traditional festivals are celebrated nationally every year. Peruvian cities such as Lima, Cuzco and Arequipa were listed as UNESCO World Cultural Heritage Sites. Also, Peru was the home of ancient civilizations that grew cherishing the sand of the desert, the heavy rains of the Andes or the humid forests of the mountains.

Peru currently produces 80% of the world's alpaca clothing, an excellent Andean fiber that has become a symbol of elegance and exclusivity. Over 120 thousand families are involved in the supply chain of this valuable camelid fiber.

2.4 Peru as Host of Major Events

Peru has organized several sports events and international sports meetings over the years. The 2012, 2013 and 2018 editions of the Rally Dakar and the 131st International Olympic Committee (IOC) Session in 2017 are some examples that it is ready to house world-class events, considering it has both infrastructure and security.

Hosting the 2019 Pan American and Parapan American Games is very important for a city that is committed to promoting sports among its citizens. Lima is getting ready to welcome 6680 athletes from 41 countries of the Americas during the Pan American Games.

The Peruvian capital hosted the I Beach Bolivarian Games (from November 1 to 11 in 2012). A year later, the XVII Bolivarian Games took place in Lima and Trujillo between November 16 and 30, featuring close to 5000 athletes from 11 countries.

Peru has also hosted the "Copa América" on six occasions: 1927, 1935, 1939, 1953, 1957 and 2004. It was also the official venue of the FIFA U-17 World Cup in 2005 and the final was held at the National Stadium of Lima.

Furthermore, Peru had the privilege of hosting the FIVB Volleyball World Championship at the Coliseo Amauta (Lima), the Coliseo Gran Chimú (Trujillo) and the Coliseo Cerrado de Ica (Ica), between September 12 and 25, 1982. Additionally, the FIVB Volleyball Women's U-20 World Championship took place in Lima and Trujillo in 2011.

The South American Games were also held in Lima (from December 1 to 10, 1990). Later on, our country hosted the I South American Youth Games from September 20 to 29, 2013.

As mentioned previously, Peru was part of the Dakar Rally in 2012, 2013 and 2018. Four stages took place during the first year and the race ended in Lima. In 2013, five stages of the world's largest rally were contested in the Peruvian capital. In 2018, six and a half stages of the competition were contested in Peru, starting in Lima and passing through Puno to its final stop in Bolivia.

Moreover, the 131st IOC Session was held in September 2017 at the Lima Convention Center in Peru, with the presence of leaders of the National Olympic Committees. During this meeting, Paris and Los Angeles were chosen as host cities of the 2024 and 2028 Olympic Games, respectively.

In 2011, the 3rd FINA World Junior Swimming Championships was held in Peru. The competition venue was Campo de Marte.

A variety of sports events can be hosted in Peru due to its natural areas and its infrastructure. Off-road *races* across dunes and mountains, ultramarathons through the desert, triathlons on the shores of the Pacific Ocean and multi-sports games on different sports stages are some examples that show that Peru is an attractive place to organize high-impact competitions.

2.5 Currency

The national currency is the sol (PEN), but the American dollar (USD) and the euro (EUR) are also accepted.

2.6 Language

Spanish, the official language of Peru, is spoken by 84% of the population. In addition, 47 indigenous languages, including Quechua and Aymara, are spoken in the country.

3.1 Milco, Lima 2019 Official Mascot

Milco is a very cheerful, optimistic and friendly mascot, whose arms are always open, ready to welcome all visitors who arrive to the Lima 2019 Games.

Lima has a cultural background that makes us proud, and that is what our mascot highlights. One of Milco's favorite colors is red —also the color of our flag— because it represents passion! He wants to transmit this passion to all Lima 2019 participants, so that they give their best in each competition.

Milco is based on *cuchimilcos*, statuettes from the pre-Hispanic cultures of mid-western Peru such as Lima, Chancay and Chincha. This mascot was chosen by popular vote, when he obtained 19,895 votes. He beat two other candidates: Amantis, which represents the amancaes flower, and Wayqi, a gecko from the huacas of Lima.

A total of 44,514 people from Peru and abroad participated in selecting the Pan American and Parapan American Games mascot. With this number a new voting record was set, breaking that of Guadalajara 2011 and Toronto 2015.

Initially, over 1000 design proposals from across the country were submitted. From there, a specialized jury selected three finalists. They then entered an online popular vote on the Games' official website (www.lima2019.pe).

5.2.2 Overview

The Bujama Lacus Aquatics Center (BOH and FOH) will be the venue for this sport. The lake located inside will be part of the field of play and warm-up area. It is private property and has an artificial lake that was created for practicing Water Ski.

5.2.3 Services

The competition venue includes:

- Locker rooms.
- Athletes zone.
- Judges zone.
- First-aid station for athletes and spectators.
- Stands for spectators and accredited persons.
- Mixed zone where accredited media and athletes can interact.
- Pan American Family lounge.
- Doping control facilities.
- Storage areas.
- Operations zone
- Broadcast zone.

5.3 Competition Format

5.3.1 Slalom/Tricks/Jump/Overall

Qualified athletes will compete in the preliminary rounds of Slalom, Tricks and Jump, and will be seeded based on the International Waterski & Wakeboard Federation (IWWF) Ranking List. The scores from the preliminary rounds of the best eight male and best six female competitors from each event will be used to determine the start order for the finals. The athlete's final score will be the score that is earned in the final round.

In the Slalom event, the winner will be the athlete who obtains the highest number of buoys in the final round. In the Tricks event, the winner will be the athlete who obtains the highest number of points in the final round. In the Jump event, the winner will be the athlete who achieves the longest distance in the final round.

A maximum number of three skiers per gender per country may participate in the preliminary rounds. Only two skiers per gender per country may participate in the finals. Eight male and six female competitors will participate in the finals.

The Overall event in both genders will consist in the top six overall scores based from the preliminary round from Slalom, Tricks and Jump. Any athlete who participates in two or three disciplines is eligible for the Overall final. The start order in each of the three events must remain the same, which shall be the reverse of the overall placement in the preliminary round. The winner of the gold medal will be the athlete who obtains the highest combined score from the two or three events. There will be a maximum of two athletes per gender per country in the Overall finals.

5.3.2 Wakeboard

Eight athletes per gender will participate in two heats and one LCQ (Last Chance Qualifier - if necessary). The top two scores for both heats and the top two scores for the LCQ per each gender will advance to the final. Six athletes per gender will compete in the final.

The qualification for the heats will be based on the results of the last qualification tournament for the Lima 2019 Pan American Games.

The start order for the finals will be the reverse order of the place obtained in the preliminary round. The winner of the gold medal will be the athlete who obtains the highest number of points in the final round. A maximum of one rider per gender and per country may compete in the final round.

5.3.3 Team Composition– Slalom/Tricks/Jump/Overall

- A. When an NOC has a team of three or four skiers, the team must have competitors of both genders and each gender must compete in all events. Additionally, no more than one competitor may compete in only one event and no less than one competitor must compete in all events.
- B. When an NOC has a team of only one or two competitors, then the competitor(s) may be of any or both genders and may compete in one or more events.

C. To participate in the Overall event, a competitor must compete in two or three events from among Jump, Tricks and Slalom.

5.3.4 Team Composition– Wakeboard

Each qualified NOC may enter one male wakeboard rider and one female wakeboard rider.

5.10 Medals and Diplomas

Gold, silver and bronze medals will be awarded in all events of the Lima 2019 Pan American Games Water Ski and Wakeboard competition. In accordance with Panam Sports regulations, diplomas will be given to all participating athletes.

6. ACCREDITATION

Accreditation is the process of identifying individuals and their roles at the Pan American and Parapan American Games. It also ensures that they are granted appropriate access to fulfill their roles. The role of the NOC is to register, as appropriate, every potential athlete, official, dignitary and journalist from its territory.

Lima 2019 must receive accreditation applications no later than April 26, 2019.

6.1 Accreditation Card Validation

The following table lists the level of accreditation services that will be provided at the various venues:

Venue	Location	Population	Service

During the Lima 2019 Pan American Games, the official Accreditation Center in the Athletes' Village will be the only one to have full service for NOC delegations. Venue Accreditation Offices (VAO) in the competition venues will provide validation services.

6.2 Eligibility Condition Forms

As required by the Panam Sports statute, each athlete and team official must complete an Eligibility Condition Form acknowledging their participation in the Games and compliance with Games objectives. The form is mandatory and must be signed by participating athletes and officials before their arrival at the Games.

7. TICKETING AND ACCREDITED SEATING

7.1 Games-time Ticket Sales

During Games-time, available tickets can be purchased through the official Lima 2019 website or at any of these locations:

- Athletes' Village
- Games Family Hotel
- Competition venues

7.2 Same- and Different-discipline Spectating Athletes

Athletes and officials may access the athletes' stands during their own discipline's competitions. However, in order to watch competitions at venues in disciplines other than their own, athletes and officials must request an additional complimentary ticket at the NOC Services Center.

NOC Services will implement a request process to order and assign complimentary tickets.

8. SATELLITE ACCOMMODATION

This Satellite Accommodation will house athletes competing in water ski and open water swimming.

8.1 Dates of Operation

Date	Event
July 22, 2019	Pre-opening access to the Bujama Satellite Accommodation (*)
July 23, 2019	Opening of the Bujama Satellite Accommodation
August 5, 2019	Closing of the Bujama Satellite Accommodation

(*) During the pre-opening day, the NOC technical officials will be able to access the satellite accommodation and its services on July 22 (maximum two officials per team).

The Bujama Satellite Accommodation will provide athletes and officials with information about its facilities and services upon arrival. This information will be published in April 2019 on the Lima 2019 website.

8.2 Satellite Accommodation: Athletes' Residence

Athletes and officials will stay in double, triple and quadruple rooms with their own bathrooms that will meet the standards of the Athletes' Village.

8.3 Resident Services

The assigned operator will attend to all the accommodation needs of NOCs and residents through the front desk, which will also serve as a Resident Center.

Catering services will be provided for breakfast, lunch and dinner, and snacks will be offered in between. People entering the dining hall will have their accreditation checked to ensure they are entitled to eat there.

8.4 Transportation Services

Athletes and team officials will have access to mini buses traveling to the competition venues as of July 24, 2019, from the assigned operator's parking area. The service will be provided according to a schedule of its hours of operation. Users will board mini buses on a first come, first served basis.

8.5 NOC Parking

Parking for NOC dedicated vehicles will be located at the assigned operator's parking area. Vehicle parking will not be granted without a valid vehicle access and parking permit (VAPP).

8.6 Medical Services

Medical services will be available from July 22 to August 5, 2019, between 07:00 and 23:00. Emergency medical services will be available 24 hours a day. The following services will be offered:

- General medical consultations
- Sports medicine and physical therapy
- Massage therapy services

8.7 Business Center

The Business Center is an adapted space that will offer NOCs printing and copying services, as well as virtual conferences and meeting rooms in order to facilitate their work and attend to their needs.

8.8 Recreational Activities for Residents

The operator will be asked to provide an area or facility where residents can relax and enjoy themselves with board games and music.

8.9 Wi-Fi

Free Wi-Fi will be available for athletes throughout the hotel.

9. MEDICAL SERVICES

Medical services during the Lima 2019 Games will be provided at all competition and training venues and non-competition venues, such as the Athletes' Village, satellite accommodations, the Games Family Hotel, the International Broadcast Center and the Main Press Center.

Medical services will be available for athletes, judges, referees and Games Family members for severe and aggravated conditions that require diagnosis and treatment.

9.1 Athletes' Village Polyclinic

The Polyclinic will be located in the residential zone of the Athletes' Village and will be available from July 16 to August 13, between 07:00 and 23:00. It will provide the following services:

- General and/or family medicine.
- Sports and orthopedic medicine.
- Physical therapy.
- Diagnostic imaging.
- Laboratory.
- Pharmacy.
- Specialty services such as cardiology, otorhinolaryngology, nutrition and psychology, by appointment.

Emergency services will be available 24 hours a day and, if necessary, patients will be referred to hospitals or clinics with better problem resolution capabilities.

9.2 Medical Services at Satellite Accommodations

Satellite accommodations will have a medical clinic that will provide general medical consultations, orthopedics and physical therapy services from 07:00 to 23:00. Emergency services will be available 24 hours a day and, if necessary, patients will be referred to hospitals or clinics with better problem resolution capabilities.

9.3 Medical Services at Venues

There will be medical facilities at competition, training and other official venues. Athlete and spectator services will have the appropriate equipment, supplies and medication, and will be staffed with experienced medical personnel. Ambulances will be available at competition venues and some non-competition venues.

10. TRANSPORTATION

10.1 Transportation System for Athletes and Team Officials

The bus system designed by Lima 2019 will provide the following transportation services for athletes and accredited team officials:

- Arrival and departure services from Jorge Chávez International Airport to the Pan American Village and satellite accommodations, accordingly. Baggage will be transported in cargo trucks provided by LOG. However, personal baggage authorized by LOG will be allowed on buses, provided their dimensions do not exceed 55 cm (height) x 40 cm (width) x 25 cm (depth) and they weigh a maximum of 15 kilos.
- Transportation services to competition and training venues from the Pan American Village or satellite accommodations transport malls and back, accordingly.
- Transportation services for Opening and Closing Ceremonies (round trip).
- Post-doping control transportation in T3 services for the selected athletes that stay for the sample collection process after regular transportation services have concluded.
- One (01) daily programmed service for spectator/or visitors coming from satellite accommodations to the Pan American Village transport mall. From there, they will be able to board transportation services arranged per sport to every sports facility. Special care must be taken with the scheduled return trip to satellite accommodations on the same day, as TRA will not provide additional transportation services and the Pan American Village does not have any extra spaces to stay overnight.

10.2 Transportation to Individual Sport Training Venues

Transportation services (TA) to training venues will be active five days prior to the start of each sport's competition until the conclusion of each sport's individual training session. This service will allow athletes to arrive one hour before training starts and leave up to 30 minutes after the session ends.

10.3 Transportation to Individual Sport Competition Venues

Transportation services to the individual sport competition venues will be active from the first to the last competition day of each sport. During competition days, TA services will be scheduled so that the first bus arrives at the venue two hours before the competition starts and leaves up to one hour after it ends.

During the competition period, athletes who are competing or training (in the event the training and competition venue is the same), as well as spectating athletes, will have access to these services.

10.4 Transportation to Training and Competition Venues for Teams Sports

One bus per team will be provided according to the competition calendar schedule. This service will allow athletes to arrive to their respective venue two hours before training and/or the competition starts and leave up to one hour after the session has ended. This service starts and ends at the transport mall in the Pan American Village. To reserve transportation for training sessions or to notify any change in the schedule you must do so by 16:00 the day before the training session at the NOC Services Center. Bus and driver assignment for equipment transportation will not necessarily be the same. It is recommended that teams do not leave personal baggage or sports equipment inside the buses.

Exclusive bus services will be available for the following team sports:

- Baseball
- Basketball
- Field hockey
- Football
- Handball
- Rugby sevens
- Softball
- Volleyball
- Water Polo

Buses will be available only for transfers to training or competition venues.

10.5 Connection between the Pan American Village and Satellite Accommodations

The Transportation Department has planned for a daily scheduled service for spectating athletes and/or visitors coming from the satellite accommodations. This service will cover the route between satellite accommodations located in Paracas, Lunahuaná, Bujama and Huacho. The service will be operational from the opening day of each satellite accommodation up to their closing date.

Athletes and team officials who use these services will have to plan their time effectively so as not to miss the return bus to the satellite accommodations. They must keep in mind that there are no additional transportation services nor rooms at the Pan American Village to stay overnight.

10.6 NOC-dedicated Vehicles

Lima 2019 will assign vehicles to each NOC depending on the delegation size (athletes). The number of dedicated vehicles per NOC will be confirmed in the DRM after establishing the total number of athletes. This allocation includes the T1 services dedicated to the chefs de mission of each NOC.

Dedicated vehicles will include a Vehicle Access and Parking Permit (VAPP). TRA will provide hired and trained drivers in accordance with Lima 2019 rules in order to comply with the transportation services required by NOCs. Drivers will have a certain number of consecutive work hours per day and of rest days per week that will be specified in the Chefs de Mission Manual.

Vehicles will be available 24 hours a day in two shifts. The parking lot is located in the Pan American Village. If the NOC wishes to forgo the driver service, the delegation member that assumes the responsibility of driving must have all the permits in accordance with Peruvian driving laws. The driver will sign a document whereby they become liable for the vehicle. This decision will be irrevocable until the conclusion of the Games.

Vehicles allocation includes:

- Driver
- Fuel
- Vehicle insurance
- Global Positioning System (GPS)
- Road assistance (if required)
- VAPP

Cycling Vehicles

Each NOC competing in road cycling will receive one additional vehicle equipped with a roof bike rack. NOCs with athletes competing in road cycling must prioritize the allocated vehicle for cycling training and must make it available for competition operations.

The vehicle will be equipped with a VAPP, which will allow access and parking at all cycling training and competition venues where parking is available.

10.7 Additional Transportation

TRA is considering the provision of these additional services for athletes and team officials from the Pan American Village:

- A transportation system that connects the Pan American Village with the city's public transportation system (Línea 1 of the Metro and Metropolitano), so that athletes and/or team officials may use this system for free.
- A tourist circuit connecting the districts of Miraflores, San Isidro and Cercado de Lima.
- A transportation system that allows athletes' guests to arrive effectively and safely to the Pan American Village from public transportation services or from the assigned taxi station.

These services will confirmed later.

10.8 Public Transportation Services

Lima's public transportation system connect the city from north to south through the "Corredor segregado de alta capacidad Metropolitano de Lima" (Metropolitano de Lima high capacity route system) (high capacity buses) and Línea 1 of the Metro de Lima (train), while the "Sistema de corredores complementarios" (complementary route system) (urban buses) connects the city from north to south and from east to west.

The Pan American Village has access to public mass transportation services, such as the Parque Industrial and Villa el Salvador stations of the Línea 1 of the Metro and one feeder route for the Metropolitano that connects with the high capacity system. Both systems connect the Pan American Village with the north and south of the city.

Not all competition and non-competition venues have access to public transportation; therefore, there are plans to create complementary public transportation routes so that accredited guests have access to public transportation from competition venues.

All accredited clients of Lima 2019 with "T" privilege will be entitled to travel within the Metropolitan Lima area on the following modes of public transportation using an electronic card obtained at the DRMs.

- Línea 1 del Metro de Lima (Metro of Lima Line 1)
- High capacity system (Metropolitano de Lima)
- Complementary systems

Taxi Services

Taxis and/or vehicles without VAPP will have designated spectator drop-off and pick-up points at competition and non-competition venues outside the venue perimeter, therefore the client may have to walk approximately 300 meters to reach their destination. Payments for taxis or other rental services are not authorized by Lima 2019 and shall be borne by the client.
